

TAYLOR TIDBITS

LABORATORY SERVICES

The Taylor Regional Hospital Laboratory Services is an integral part of the hospital and offers a comprehensive testing menu with rapid turnaround times. Our certified medical technologists, medical laboratory technicians, and well-trained phlebotomy technicians perform more than 170,000 procedures annually. Our caring staff uses state-of-the-art equipment and advanced technology, and work diligently to provide rapid turnaround times for results that you can depend on. The laboratory is accredited by The Joint Commission which further ensures the highest possible quality of patient testing.

Beth Wright, MD is our Laboratory Director and also available for medical consultation. Anatomic Pathology services are performed by 5 board-certified and sub specialized pathologists at Navicent Health (formerly Medical Center of Central Georgia). Most reports are available within 24 hours of specimen receipt, unless additional testing is needed.

The Taylor Regional Hospital Laboratory is a community-based laboratory, committed to caring customer service and helping to improve the health of our patients. We are available 24/7 and appointments are not necessary.
